### RIDDLES

There really is a science to laughing. In fact, the science of laughing and its effects on the body is referred to as **Gelotology**. Laughter boosts your immune system by enhancing your antibodies - which help fight infections and increasing your immune cell count. This helps reduce chance of illness and missing on work.

The American comedy awards are a group of awards presented annually in the United States recognizing performances and performers in the field of comedy. It was begun in the year 1987.

1. I am full of holes. I can hold water. What am I?
2. What gets wet when drying?
3. What are the two things people never eat before breakfast?
4. What has two hands and a face, but no arms and legs?
5. What has four legs and only one foot?
6. What is it the more you take away the larger it becomes?
7. What can't be used until it's broken?
8. What has many keys but can't open any doors?
9. What travels around the world but stays in one corner?
10. What goes up but never comes down?

11. What belongs to you but used more by others?
12. If you have me, you want to share me. Once you share me, you won't have me. What am I?
13. No sooner spoken than broken. What is it?
14. Some months have 30 days; some months have 31 days; how many have 28?
15. Take off my skin—I won't cry, but you will! What am I?
16. The blue man lives in the blue house and the red man lives in the red house. Who lives in the white House?
17. What English word has three consecutive double letters?
